CHALLENGE: We're a small but fast-growing company and cash is always tight. What can we do?

**IMMEDIATE UNLIMITED FUNDING
FOR YOUR SMALL BUSINESS**

Accounts receivable factoring services from **ANCHOR FUNDING SERVICES (AFS)** is the quick and easy way to increase your cash flow.

HOW CAN YOU INCREASE YOUR CASH FLOW? We

finance your business-to-business accounts receivable so you don't have to wait 30, 60, or 90+ days for customers to pay you. When you sell your invoices to AFS, you get immediate cash to support your company's growth.

HERE'S HOW FACTORING WORKS. You submit a \$50,000 invoice to AFS, and we advance you \$40,000 immediately. AFS collects the invoice from your customer, and when the entire balance collects, AFS sends you the remaining \$10,000, less its fee, which is a small percentage of the invoice.

AFS makes funds available, even when banks won't.

We focus first on the creditworthiness of your customers from whom we collect. In contrast, bank loans depend on your creditworthiness rather than your customers' creditworthiness.

-  **IMMEDIATE CASH TO YOU**
-  **EASY APPLICATION PROCESS**
-  **QUICK FUNDING SET-UP**
-  **BASED ON YOUR CUSTOMERS' CREDITWORTHINESS – NOT YOURS**
-  **NO HIDDEN FEES**
-  **HIGH ADVANCES – LOW RATES**
-  **FREE CREDIT CHECKS**

We provide **UNLIMITED FUNDING PROGRAMS** for small businesses without the hassles of traditional bank financing. Give **ANCHOR FUNDING SERVICES, LLC** a call today at

HERE'S WHAT OUR CUSTOMERS SAY...

My IT consulting firm was doubling in size, and I had to hire more people. Without Anchor Funding I would not have been able to pay my employees and keep the company growing. Thanks, Anchor!
 -Jerry T.

As an independent trucker I run my own business on the road. That means I not only deliver the goods on time, but also pay the costs to get them there. Anchor Funding eases the squeeze by funding my freight bills with same-day funding and no hassles. Thanks. -Mike G.

Getting hotel and convention catering contracts put my company on the map. But sometimes they don't pay for 60 days or more, I can't wait that long. Using Anchor Funding lets them pay as usual, and I still have money to pay my suppliers and employees on time. It's a great relief!
 -Tony B.
